

The Riding Club of Barrington Hills

**Brad Andrews Clinic
February 17-19, 2017

Brad lives on his family's ranch in South Dakota where he starts over 200 horses a year from around the country. He has worked closely with Buster McLaury and the late Don Buttrey. Brad has an exceptionally keen eye for the behavior and movement of the horse and can help the rider communicate more clearly and with softer cues. Come have a blast and get out of the cold with this fun and educational horsemanship clinic designed for all disciplines. Spend some quality time with your horse and learn something new during this hard winter month.
